

Claim 12 has been amended by replacement. Another version of the amended claim, showing the changes relative to the previous version, is appended. Additions are shown by underlining. Deletions are shown by strikethrough rather than bracketing since the claims may contain bracketing that is to remain.

In claim 12 the definition of "Hal" as halogen was inadvertently omitted. Support for this self-evident

definition is found in the definition of R<sub>3</sub> as a radical of the formula (1a)

(page 1, 1 line from the bottom), wherein X is halogen (page 2, line 6). Hence no new matter has been added.

Additionally, since the definitions of both R<sub>4</sub> and R<sub>5</sub> include "a radical of the formula (1b)

$\text{—}\overset{\text{R}_6}{\underset{|}{\text{C}}}=\text{O}$  ", the phrase "; or R<sub>4</sub> and R<sub>5</sub> denote a radical of formula (1b)" was deleted from claim 12

and omitted from claim 13 as surplusage.

Applicants aver that the claims are now in better form for examination. An Action on the merits of the claims is respectfully awaited.

Respectfully submitted,
